Dear King.

Good seeing you this weekend  
This is a short summary of where  
federal dollars are going for Dental  
Care for the Vets, Native American  
Andeans and underprivileged Children.  
Let's set up a meeting with the American  
Dental Association and create an  
oversight committee to stop the  
waste & can save your administration  
250 million/yr.

For ya President  
Albert H.
